

Thermal Industries, Inc.

A Division of Atrium

MANUFACTURER'S CERTIFICATION STATEMENT

[Thermal Industries, Inc., 5450 Second Avenue, Pittsburgh, PA, 15207, 800-245-1540](#)

This Manufacturer's Certification Statement can be relied upon by you, the homeowner/taxpayer, for verification that certain Thermal Industries, Inc. windows and/or sliding glass doors are eligible for the Internal Revenue Service Tax Credits identified in the American Recovery and Reinvestment Act of 2009. **ENERGY STAR®** has published tax related interpretations of the ARRA of 2009 for [windows/doors](#) on their web site.

HOW TO QUALIFY FOR THE IRS TAX CREDIT:

Thermal Industries, Inc. windows and/or doors are an Eligible Building Envelope Component and many models meet both the minimum U-Factor and Solar Heat Gain Coefficient (SHGC) of at or below .30. Therefore, they qualify for the ARRA 2009 Tax Credits. Look for the ENERGY STAR® / National Fenestration Rating Council (**NFRC**) label affixed to your new products. Your window/door was manufactured with the U-Value and SHGC values as stated on the NFRC label.

EXAMPLE: *If your Thermal Industries, Inc. window or door was manufactured with a U-Value less than or equal to .30 and a Solar Heat Gain Coefficient (SHGC) less than or equal to .30, it qualifies for the ARRA of 2009 Tax Credit.*

For tax purposes, homeowners are advised to keep their purchase receipt(s) and, *remove and retain* the ENERGY STAR® / National Fenestration Rating Council (NFRC) window/door labeling from all products *along with* this Manufacturer's Certification Statement. The IRS [Notice 2006-26](#) suggests that the taxpayer is not required to attach this Manufacturers Certification Statement, or the labels, to their tax return. However, you may be required by the IRS to provide the above documents as proof that your Thermal Industries, Inc. windows/doors meet the ENERGY STAR® requirements for the Tax Credits. As in all tax matters, taxpayers are advised to consult their tax professional.

Under penalties of perjury, I declare that I have examined this certification statement and to the best of my knowledge and belief, the facts are true, correct and complete.

David S. Rascoe, President
Thermal Industries, Inc.
April 2009
